

ALIRSHAAAD NURSERY AND PRIMARY SCHOOL

HOLIDAY PACKAGE 2020

CIVIC AND MORAL EDUCATION

NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

SECTION A

1. Choose the correct answer and write its letter in the space provided in each number
- i. Which one of the following is not an importance of National culture?
    - a. Brings unity
    - b. Identifies the nation
    - c. Creates employment
    - d. Demotes creativity
  - ii. Which language is promoted by BAKITA in Tanzania?
    - a. English
    - b. German
    - c. Sukuma
    - d. Kiswahili
  - iii. Which one of the following ceremonies was used to give names?
    - a. Invitation
    - b. wedding
    - c. burial
    - d. naming
  - iv. All these people can be identified by their dressing styles except \_\_\_\_\_
    - a. Pupils
    - b. police officers
    - c. soldiers
    - d. traders
  - v. The largest language group in Tanzania is \_\_\_\_\_
    - a. British
    - b. Bantu
    - c. Cushites
    - d. Nilotes

2. Match the items in list A correctly with those in list B

LIST A

- i. Election
- ii. Candidate
- iii. Revolution Day
- iv. Easter

#### LIST B

- a. One fighting for a post
- b. Christmas day
- c. Prefect
- d. A way of getting leaders
- e. Secure
- f. Marked the end of sultan rule

3. Fill in the blanks with words in the box below

Bank of Tanzania, 50, name, cotton and cloves, cotton and coffee, motto,  
number of pupils

- i. Name two things found on a school emblem
- ii. The lowest denomination of coin that is still used in Tanzania is \_\_\_\_ shillings
- iii. Write the long form of B.O.T
- iv. Name two crops found on the coat of arms

#### SECTION B

4. Read the paragraph and fill the blank spaces

Tanzania is my (i) \_\_\_\_\_. She got her name as a result of union between (ii) \_\_\_\_\_ and (iii) \_\_\_\_\_. Her first president was called (iv)\_\_\_\_\_

#### 6. Read the passage and then answer the questions

Globalization is the interconnection and integration among people of different nations. In fact, these days the world has become like a village. Long time ago, travelling and communication was not easy. Imagine people were only communicating orally, writing a letter and posting or making a line at a telephone booth and waiting to be connected by the telephone operator. What a great change in modern world.

Now we can share information, receive news and goods from any part of the world within a short time.

Technology has really contributed to globalization

- i. Why has the writer said the world has become a village?
- ii. What has really contributed to globalization according to the passage?
- iii. What are goods?
- iv. Long time ago, people were making phone calls through the \_\_\_\_\_

5. Identify the following national symbols

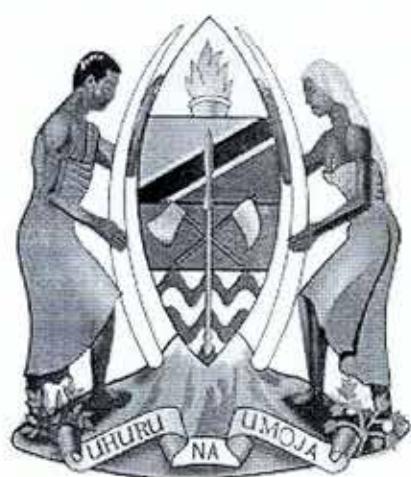

i.

ii.

iii.

iv.

#### CIVIC AND MORAL EDUCATION

NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

#### SECTION A

1. Choose the correct answer and fill in the spaces provided

- i. A state of two people living together as husband and wife is called \_\_\_\_  
a. Divorce    b. wedding    c. marriage    d. counselling
- ii. A group of people who live in a particular area and have common interest is called a \_\_\_\_  
a. Family    b. country    c. community    d. friends
- iii. Painting is an example of \_\_\_\_  
a. Art    b. craft    c. music    d. dance
- iv. Which one of the following is not a use of pot?  
a. Cooking    b. storage    c. boiling water    d. farming
- v. Who among the following groups of people is known for having maintained their culture for a long time?  
a. Hehe    b. Hadzabe    c. Nyamwezi    d. Yao

2. Match the items in list A and those in list B correctly

LIST A

- i. Child abuse
- ii. Littering
- iii. Brushing teeth
- iv. Division of labour

#### LIST B

- a. A way of maintaining one's health
  - b. Makes work light
  - c. Denying child his/her rights
  - d. Pollutes environment
  - e. Conservation method
3. Fill the gaps by choosing the correct answer from the box

**red fertile soil   service   Bot   internet   TAMWA   TAWLA**

- i. Tanzania Media Women's Association in short is \_\_\_\_\_
- ii. \_\_\_\_\_ is represented on the coat of arms
- iii. Control of circulation of currency in the country is done by \_\_\_\_\_
- iv. \_\_\_\_\_ is a source of a lot of information that one needs

#### SECTION B

4. Complete the passage below by writing the letter of the correct answer
- The revolution day is celebrated on (i) \_\_\_\_\_ every year. It took places on (ii) \_\_\_\_\_ where the people of (iii) \_\_\_\_\_ overthrew the government under the leadership of president (iv) \_\_\_\_\_
5. Examine the picture below, then answer the questions which follow

- i. What is the name of the above picture? \_\_\_\_\_
- ii. When it was lit for the first time on top of Mount Kilimanjaro? \_\_\_\_\_

iii. It was lit by \_\_\_\_\_

iv. What is its symbolic meaning?

6. Read the passage below and then answer the questions that follow

A person of high integrity is honest and trustworthy. She/he is loved and respected by people in the society. A person of integrity does the right or moral things not to be seen by others but even in the absence of other people. A person of integrity does not pretend.

### HOLIDAY PACKAGE 2020

#### SOCIAL STUDIES-GRADE IV

NAME: \_\_\_\_\_

DATE: \_\_\_\_\_

#### SECTION A

1. Choose the most correct answer and write its letter in the answer sheet

- i. It is believed that the first human being lived in \_\_\_\_\_  
a. Africa    b. Australia    c. Europe    d. America
- ii. Beef cattle are kept for \_\_\_\_\_  
a. Milk    b. skin    c. meat    d. bones
- iii. Cave drawings in Tanzania are found in Singida and \_\_\_\_\_  
a. Lindi    b. Kondoa Irangi    c. Kigoma    d. Kagera
- iv. A kind of rainfall found along a lake or ocean is called \_\_\_\_\_  
a. Relief    b. convectional    c. temperature    d. humidity
- v. A type of family where a man marries more than one woman is called \_\_\_\_\_ family  
a. Nuclear    b. extended    c. couple    d. polygamous
- vi. Who among these invaders is not Europeans?  
a. Arabs    b. Portuguese    c. Britain    d. Germany
- vii. The shape of the earth is \_\_\_\_\_  
a. Oval    b. square    c. spherical    d. rectangle
- viii. A period of ten years is called \_\_\_\_\_  
a. A year    b. decade    c. century    d. millennium

2. Match the items of column A against their corresponding items in column B

B

### COLUMN A

- i. Economic cooperation
- ii. Radio and newspapers
- iii. Nephew
- iv. Niece
- v. Used in making perfume
- vi. Heroes

### COLUMN B

- a. Means of communication
- b. Son of brother/sister
- c. Daughter of your brother/sister
- d. Cloves
- e. Needed in production activities
- f. Opposed invasion

### SECTION B

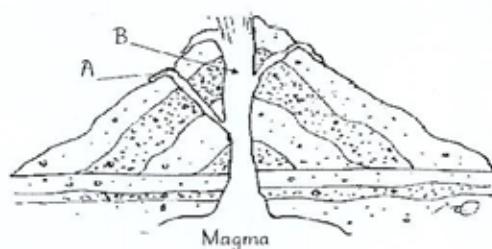

3. Read the passage and then answer the questions

Forest is a collection of trees. There are artificial and natural forests. Artificial forests are also called planted forests. Trees here are planted in straight lines and grow faster than natural ones.

Most of the forests do well in high altitudes but there are some in low altitude as the sea shores. Examples of forests along the coast are mangrove forests. Forests provide man with fresh air (oxygen), timber, poles, attract rainfall and makes the environment look beautiful. Lastly, the papers we write on are also products of forests. A good example of paper

manufacturing industry is Mufindi industry in Iringa paper made of soft trees.

- i. In which types of forests are trees planted on straight line?
  - ii. How many types of forests are there according to the passage?
  - iii. Where is the paper factory according to the passage?
  - iv. In which forest do the trees grow faster?
  - v. In which altitude do most of the trees do well?
  - vi. Mangrove trees are found along the \_\_\_\_\_
  - vii. Forests provided us with a gas called \_\_\_\_\_
4. Study the illustration below then answer the questions that follows:

- i. This type of mountain is called \_\_\_\_\_
- ii. Area marked A is called \_\_\_\_\_
- iii. Area marked B is called \_\_\_\_\_
- iv. What does the following map symbol represent?  
A map symbol consisting of five vertical lines of varying heights, resembling a stylized mountain range or a series of hills.

### HOLIDAY PACKAGE 2020

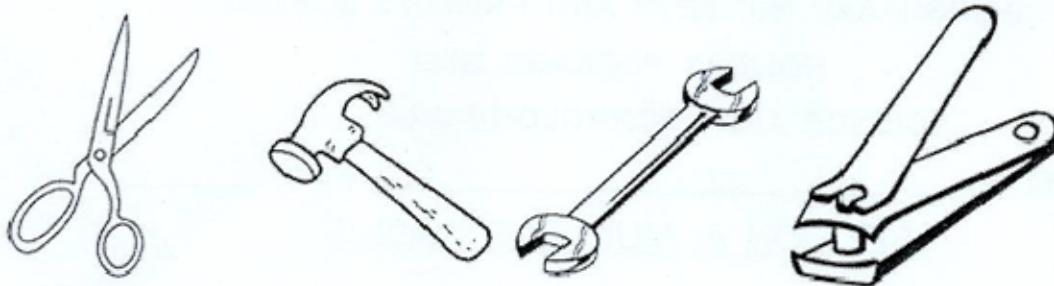

#### SCIENCE AND TECHNOLOGY-GRADE IV

NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

#### SECTION A: MULTIPLE CHOICE

Write the letter of the correct answer

1. Special parts of the body through which a human being receives a feels  
senses are called \_\_\_\_  
a. Active parts   b. special senses   c. private parts   d. sensory organs
2. Which of the actions below can lead to the spread of HIV viruses?  
a. Sharing injections, syringes and razor blades  
b. Sharing plates and beds  
c. Sharing clothes  
d. Shaking hands
3. Which things among the following should be maintained?  
a. Cooking vegetables and meat for a long time  
b. Swimming in rivers not in dams  
c. Using one cup for drinking water  
d. Boiling and filtering drinking water
4. The good conductor of electricity among these is \_\_\_\_  
a. Dry wood   b. rubber   c. a piece of iron   d. human body
5. What happens when water reaches  $0^{\circ}\text{C}$ ?  
a. It boils   b. it freezes   c. it changes into steam   d. it contracts
6. What is used by many people nowadays in communication?  
a. Letter writing   b. telephone   c. computer   d. face to face
7. In which organ of the digestive system do many actions take place?  
a. Mouth   b. small intestine   c. large intestine   d. stomach
8. Heat is transmitted in liquids through \_\_\_\_  
a. Conduction   b. radiation   c. convection   d. vibration
9. What are the uses of the following tools?

- a. Tools for simplifying work
  - b. Tools for cleanliness
  - c. Tools for classroom work
  - d. Items for body cleanliness
10. The following are methods of rendering first aid to a fainted person except one. What is it?
- a. Loosening all clothes
  - b. Laying the victim down with the head lower than the feet
  - c. Giving the victim plenty of water
  - d. Providing the victim with plenty of air

#### SECTION B: MATCHING ITEMS

Match items of List A against those of List B

#### LIST A

- 11. The organ in which chewing of food takes place
- 12. The organ in which absorption takes place
- 13. Absorption of water takes place here
- 14. The tube in which food passes through the organ in which the mixture of soft food is changed into heavy liquids
- 15. A place where digested food is stored

#### LIST B

- a. Nose
- b. Mouth

- c. Rectum
- d. Stomach
- e. Oesophagus
- f. Small intestine
- g. Large intestine

### SECTION C: FILLING GAPS

Fill in the gaps to answer the questions

- 16. The sun, electricity and friction are sources of \_\_\_\_\_
- 17. Roots and plants are found in the \_\_\_\_\_
- 18. Heat travels in solids by \_\_\_\_\_
- 19. Constipation is one of the problems of \_\_\_\_\_ system
- 20. The gas which is needed by plants for making its own food is called \_\_\_\_\_
  
- 21. The two types of immunity are natural immunity and \_\_\_\_\_
- 22. Balanced diet, cleanliness, physical exercises and resting are rules of \_\_\_\_\_

### SECTION D: TRUE AND FALSE

Write True or False to answer the questions

- 23. We should eat anytime we like in order to be healthy
- 24. HIV and AIDS victims should be isolated from people having good health
- 25. Carrots are good examples of vegetables

## HOLIDAY PACKAGE 2020

### SCIENCE AND TECHNOLOGY GRADE IV

NAME: \_\_\_\_\_

DATE: \_\_\_\_\_

#### SECTION A

1. Choose the correct answer from the given multiples

- i. Which gases are used by both plants and animals during breathing?
  - a. Oxygen and nitrogen
  - b. Nitrogen and carbon dioxide
  - c. Oxygen and carbon dioxide
  - d. Hydrogen and oxygen
- ii. Which disease is spread by mosquitoes?
  - a. Sleeping sickness b. malaria c. bilharziasis d. tuberculosis
- iii. Which of the following groups of foods represent foods that build and repair worn out tissues?
  - a. Maize and rice b. fruits and vegetables c. meat and eggs d. fats and oils
- iv. Which part of the body is used in determining the flavour or taste of the food that we eat?
  - a. Nose b. ears c. tongue d. stomach
- v. AIDS is the short form for \_\_\_\_\_
  - a. Human Immunodeficiency Syndrome
  - b. Acquired Immune Deficiency Syndrome
  - c. Human Immuno - deficiency Virus
  - d. Acquired Immunodeficiency Virus
  - e.

2. Match the items in column A with those in column B

#### COLUMN A

- i. A disease that is transmitted by fresh water snails

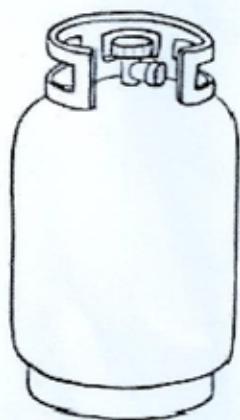

- ii. A disease that is transmitted through unprotected sex
- iii. A disease that affects the eyes and is transmitted by flies
- iv. A disease that is transmitted by tsetse flies
- v. A disease that is caused by lack of proteins

#### COLUMN B

- a. Trachoma
  - b. Kwashiorkor
  - c. Sleeping sickness
  - d. HIV/AIDS
  - e. Bilharziasis
3. Use the words provided in the box below to answer the questions that follow

Turning knob, metre band, fish, opaque materials, transparent materials, gas cooker, bread, when an accident occurs, when a person dies, electric cooker

- i. Materials that do not allow light to pass through are called \_\_\_\_\_
- ii. Which of the following foods should be stored in the lower freezer compartment of the refrigerator?
- iii. The \_\_\_\_\_ is turned anticlockwise or clockwise to move the metre band gauge of the radio when searching for radio channels
- iv. First aid is given \_\_\_\_\_
- v. The diagram below represents a \_\_\_\_\_

#### SECTION B

4. Read the passage below carefully and then answer the questions that follows

Matter is anything that occupies space and has weight. Water is a state of matter that can exist in all the three states of matter. Water in liquid form is called water. When the water is cooled to a temperature of  $0^{\circ}\text{ C}$ , it changes a solid state called ice. When the water is heated to a temperature of  $100^{\circ}\text{ C}$  it boils and then changes to a gaseous state called vapour or steam. The steam and ice too can be changed into other states of matter. When ice is heated, it melts and becomes water while cooling of steam results in the formation of water. Ice can also be changed into steam without forming water first through a process called sublimation. The changing of steam directly into ice without forming water first is called deposition

- i. What is matter? \_\_\_\_\_
  - ii. Water boils at \_\_\_\_\_
  - iii. The process of changing ice to water is called \_\_\_\_\_
  - iv. Which substance can exist in all the three states of matter?
  - v. Between sublimation and deposition, which one requires an increase in temperature according to the passage? \_\_\_\_\_
5. The picture below shows a part of a green plant. Study it carefully and then answer the questions that follow

- i. The part of the plant shown above is called \_\_\_\_\_

- ii. The part shown has tiny holes for breathing. These tiny holes are called \_\_\_\_\_
- iii. Green plants make their own food through a process called \_\_\_\_\_
- iv. If you eat the part shown above, which nutrient will you get?
- v. Which gas is needed by plants to make their own food?

## HOLIDAY PACKAGE 2020

### MATHEMATICS GRADE IV

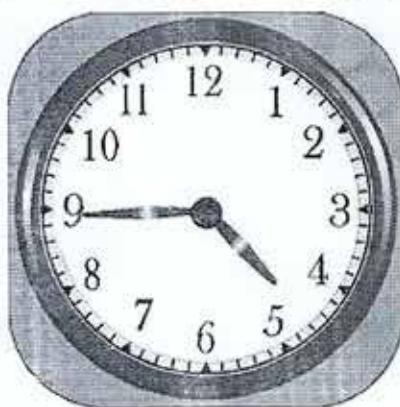

NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

Answer all questions

1.  $36,502 + 21,917 =$
2.  $76,896 - 8,712 =$
3.  $6,589 + 3,275 =$
4.  $6,589 - 3,275 =$
5. Write 8,019 in words
6. Subtract XIX from XL and write the answer in Arabic numerals
7.  $683 \times 27 =$
8.  $468 \div 26 =$
9.  $\frac{7}{13} + \frac{3}{13} + \frac{1}{13} =$
10.  $1 - \frac{2}{3} =$
11. What fraction of this figure is shaded?

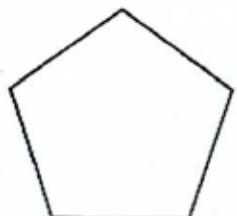

12. Write three quarters in figure
13. Read the following clock face

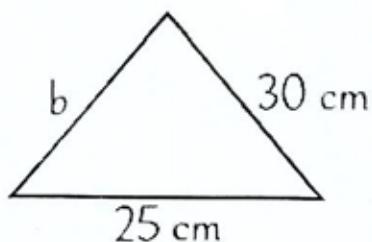

- 14.

Hours	Minutes
10	20
+ 4	50

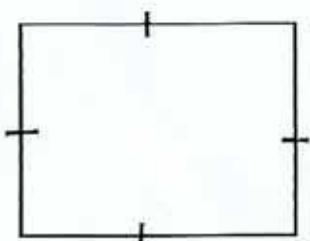

15. How many line segments are in this figure?

16. Mazengo keeps cattle. He has 38 bulls, 5 cows and 95 calves. How many cattle does he have?
17. There are 68 less girls than boys in Akili English Medium Primary School. The total number of pupils is 200. How many boys are there?
18. A tank has a volume of 300 litres. How many buckets of 25 litres will fill it?
19.  $\frac{1}{5}$  of garden is planted tomatoes and  $\frac{2}{3}$  is planted cabbages. The remaining part is planted onions. What part of the garden is planted onions?
20. Multiply sh 5,600 by 7
21. Change 5,000 grams into kilograms
22. Find the length of side b in the triangle below if it has a perimeter of 100 centimetres

23. What is the perimeter of the following square?

105 cm

24. Five pupils were told to collect seeds from the garden. Each collected the following:

Adam 20 seeds, John 25 seeds, Ali 10 seeds, Rehema 40 seeds, Tunde 50 seeds. How many seeds did John collect?

25.

How do you write this number using digits?

**eight hundred sixty-six**

### MATHEMATICS GRADE IV

NAME: \_\_\_\_\_

DATE: \_\_\_\_\_

#### 1. Solve the following

i.  $18,809 + 12,098 =$

ii.  $10,000 - 7,744 =$

iii.  $123 \times 98 =$

iv.  $714 \div 7 =$

v. Write in numerals: Eighty-seven thousand and nineteen

#### 2. Evaluate

i. What is the place value of 6 in 96,708?

ii. Write XLIX in Arabic numerals

iii. Arrange the following numbers in ascending order: 67, 65, 89, 109, 76

iv. Find the missing number in the following sequence: 45, 41, 37,  
\_\_\_\_\_ 29, 25

v.  $\frac{4}{9} + \frac{4}{9} =$

#### 3. Work out the following

i.  $\frac{13}{15} - \frac{9}{15} =$

ii.

Hours	Minutes
7	25
+3	15
_____	_____

iii.

$$\begin{array}{r}
 \text{Hours} \quad \text{Minutes} \\
 12 \qquad 35 \\
 - 7 \qquad 45 \\
 \hline
 \end{array}$$

- iv. What is the time shown by the face below?

- v. Juma went to the market and bought the following items:

2 oranges @ sh 900

3kg of beef @ sh 1,200

4 bananas @ sh 1,500

And an apple for sh 1000

How much money did he spend in total?

#### 4. Work out the following questions

i. Change  $3\frac{1}{2}$  kg into grams

ii. How many metres are there in 5000cm?

iii. Juma used a bucket of capacity 20 litres to fill a tank of capacity 3600 litres. How many buckets did he use to fill the tank completely?

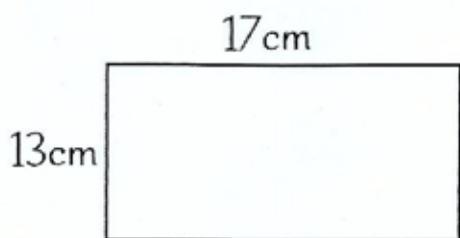

iv. How many line segments are there in the figure below?

v. The perimeter of an equilateral triangle is 72 cm. Find the length of one side of the triangle

5. Work out the following questions

- i. Find the perimeter of the figure below

- ii. The length of one side of a square is 34cm. Find the perimeter of the square
- iii. What is the unshaded fraction in the figure below?

- iv. Alice walked from home to school and back. If the distance from home to school is 2500m, how many kilometers did she cover total?
